SUMMARY

Experienced in creating responsive, user-friendly websites and applications with focus on clean design and functionality. Strong background in front-end technologies like HTML, CSS, and JavaScript, alongside solid experience with back-end frameworks. Enthusiastic about problem-solving and finding innovative solutions to enhance user experience.

EXPERIENCE

WEB DEVELOPER, 04/2024 - Current

IT SIFAT, Navoi, Uzbekistan

As a Web Developer, I was responsible for designing, developing, and maintaining responsive websites that deliver seamless user experiences. My key contributions included:

- Collaborated with designers and stakeholders to translate creative concepts into functional web interfaces.
- Ensured website functionality and performance through rigorous testing and debugging processes.
- Integrated RESTful APIs and backend services to enhance dynamic content and interactivity.
- Conducted regular maintenance, including performance optimization and security updates.

These experiences have honed my ability to create innovative and scalable web solutions that align with both user needs and business objectives.

SKILLS

- Creative problem solving
- Excellent communication
- Code reviewing
- Technical understanding
- Web analytics
- Client engagement
- [Python,HTML,CSS,] Coding skills
